PROCEEDINGS OF THE DIRECTOR OF PUBLIC INSTRUCTION,
R.O.U. No. 111-A, 34, DATED 16th JANUARY 1933.

Item—the following paper:—

G.O. No. 33, 1st Educational, dated 3rd January 1933, sanctioning the redistribution of deputy inspectors' ranges based on revenue intake.

R.O.G. No. 111-A, 35, dated 16th January 1933.

The Educational Committee recommended a gradual reduction in the number of deputy inspectors of schools at the senior grade from 500 to about 350 on the scale of one to each revenue taluk—accompanied by a corresponding increase in the number of deputy inspectors of the junior grade.

A proposal for the reduction of deputy inspectors' ranges conforming with a revenue taluk was considered by Government in 1927 but was dropped on the grounds that the number of elementary schools for boys in current taluks was below the minimum number of schools which a deputy inspector is required to inspect and that the posting of a senior deputy inspector to each of these taluks would not be an economically sound arrangement. A further examination of the question with reference to the Educational Committee's recommendation has shown that in the interim the number of taluks not having the minimum number of schools has to some extent decreased and that though it may not be still be practicable to constitute a revenue taluk into a deputy inspector's range in all cases, yet it is possible to achieve in the main the result which the Educational Committee had in view.

3. The necessary proposals to achieve the end in view were formulated by the Director and these have since been sanctioned by Government in their order read above. According to these proposals, a deputy inspector's range will consist of an entire revenue taluk in the large majority of cases and only in a few cases has it been found necessary to constitute ranges by grouping neighbouring taluks in a convenient manner; a senior deputy inspector will be in charge of each range and in cases in which the charge is too heavy for a senior deputy inspector he will be assisted by one or more junior deputy inspectors. Each deputy inspector will be entrusted with the inspection of about 100 to 120 schools. The scheme will not apply to the Madras City and the Agency Taluks nor will it affect the arrangements in force for the inspection of the elementary schools for Mahasarakas here except in Madurai. A redistribution of ranges effected in the manner proposed and approved by Government is detailed in the annexure to these proceedings. This redistribution will set free 20 senior deputy inspectors from their establishments and necessitate the employment of 25 additional junior deputy inspectors (each a post for each), the latter including an additional junior deputy inspector for Mappila schools—vide paragraph 5 *infra*.

4. According to the above proposals the replacement of the senior deputy inspectors by junior deputy inspectors will be given effect to gradually in the following manner:—

(a) Of the 25 posts of senior deputy inspectors, two posts with the establishment constituted for them will be abolished on the date on which the revised arrangement is brought into force.

(b) While the posts of clerks and attendants in the offices of the remaining 23 senior deputy inspectors should also be abolished on the date referred to in (a) above, the engagements of these senior deputy inspectors by junior deputy inspectors will proceed as the former vacate office; in the meanwhile they will be considered as 'additional' Senior Deputy Inspectors to assist officers in direct charge of ranges.

(c) The posts created under the 25 additional senior deputy inspectors will be assigned and will be attached to the junior deputy inspectors who will replace the additional senior deputy inspectors eventually.

5. sanction has also been granted by Government to the employment with effect from 1st April 1933 of an additional junior deputy inspector for the inspection of the elementary schools for Mappilas in the Madurai district. This junior deputy inspector will also be allowed the services of a peon. It should be noted that this post of junior deputy inspector is one of the 25 additional posts referred to in paragraph 3 *supra*.

6. The redistribution mentioned in these proceedings will take effect from 1st March 1933 and the District Educational Officers are requested to take the necessary steps to give effect to it immediately, e.g.,

(a) transfer of the senior deputy inspectors' offices that are not located at taluk headquarters to the new localities (i.e., taluk headquarters) wherever necessary;

(b) issuing of notices to landlords in cases where the buildings now occupied are suited and have to be tenanted and securing of accommodation in the new localities for as headquarters. The procedure laid down for securing accommodation for public offices either in public or rented buildings should be strictly observed and the previous sanction of the Director should be obtained wherever necessary;

(c) refund of permanent advances in the case of the 25 offices of the 25 senior deputy inspectors referred to in paragraph 3 of these proceedings;

(4) transfer of records to the headquarters office whenever necessary;
 (5) disposal of the furniture and other equipment (including library) of the above 25 offices, these being transferred to other offices or institutions under the control of the District Educational Officers or Inspectresses in the neighbourhood according to their needs.

7. It should be distinctly understood that the 23 additional senior deputy inspectors referred to in paragraph 4 (5) *supra* will have no separate offices of their own. Their offices and all the junior deputy inspectors (together with their parcel) will form an integral part of the establishment of the senior deputy inspectors in direct charge of ranges (viz., senior deputy inspectors in charge of taluk) and will work under the supervision of the taluk.

8. The arrangements now in force as regard the incurring of tour charges by junior deputy inspectors will also apply to the "additional" senior deputy inspectors to be attached to deputy inspectors in direct charge of ranges.

9. The headquarters of all the junior deputy inspectors and the 23 "additional" senior deputy inspectors will be the same as those of the taluk deputy inspectors to whom they are attached.

10. The District Educational Officer, Chingleput, is informed that in regard to the junior deputy inspector employed in the compulsory area of Santap taluk (vide G.O. No. 162, Law (Education), dated 10th February 1932) the order passed in Proceedings D.O.G. No. 111-A/32, dated 23rd December 1932, will hold good until further orders come on the question.

11. The District Educational Officer should treat the matter as specially urgent and should pay their personal attention to it. They should also submit a report to the Director as soon as the relevant arrangements have been given effect to.

12. Orders regarding the redistribution of the Nappells ranges in Madhar will come separately.

13. The District Educational Officer, Combedore and the Nilgiris, is informed that the post of assistant temporarily transferred to his office in G.O. Ms. No. 1067, Law (Education), dated 1st August 1932, will cease to exist from 1st March 1933 (the date of effect of the new scheme).

6. The Local Government may guarantee the interest ^{payable by} payable on all or any of the debentures issued under ^{trust of} section 4 to such extent, for such period and subject to ^{interest pay-} such conditions as may be determined by them with the ^{approval of} approval of the Legislative Council.

7. The Board may, subject to the approval of the ^{by-laws} trustee, make by-laws not inconsistent with the provisions of this chapter—

(i) for fixing the period of debentures and the rate of interest payable thereon;

(ii) for calling in debentures after giving notice to debenture-holders;

(iii) for the issue of new debentures in place of debentures damaged or destroyed;

(iv) for converting one class of debentures into another bearing a different rate of interest; and

(v) generally for carrying out the provisions of this chapter.

CHAPTER III.

Distrain and Sale of Property.

Distrain.

8. If any instalment payable under a mortgage executed in favour of a mortgage bank or any part of such instalment has remained unpaid for more than one month from the date on which it fell due, any person authorized by the governing body of such bank may, notwithstanding anything contained in the Transfer of Property Act, 1882, and in addition to any other remedy available to the bank, distrain the movable property of the defaulting mortgagor including growing crops on his land and the produce thereof:

1
IV of 1901

Provided that no distrain shall be made after the expiry of twelve months from the date on which the instalment fell due:

Provided further that no property which is exempt from attachment under section 50 of the Code of Civil Procedure, 1903, shall be liable to be distrained under this section.

V of 1901

Distrain to be effected.

9. (1) Before or at the time when a distrain is made under section 8, the distrainer shall serve or cause to be served upon the defaulter a written demand specifying the amount for which the distrain is made.

(2) The demand shall be dated and signed by the distrainer and shall be served upon the defaulter by delivering a copy to him or to some adult member of his family at his usual place of abode or to his authorized agent, or when such service cannot be effected, by affixing a copy of the demand on some conspicuous part of his abode or on his land.

Sale of property distrained.

10. (1) If, within fifteen days from the date of service of the notice referred to in section 9, the defaulter does not pay the amount for which the distrain was effected, the distrainer may apply to the sale officer for the sale in auction of the distrained property or such part thereof as may be necessary to satisfy the demand together with the expenses of the distrain and the costs of the sale. If no such application is made within three weeks from the date of expiry of the said period of fifteen days, the distrain on the property shall cease to be in force.

(2) The sale officer shall, subject to the rules made under section 11, proceed to sell the property or such part thereof as may be necessary. From the proceeds of such sale, the sale officer shall make a deduction, at a rate not exceeding one anna, in the rupee, on account of the costs of the sale and shall remit the amount so deducted to such officer as may be appointed by the Registrar in this behalf by general or special order. He shall then pay to the distainer the expenses incurred by him on account of the distress and other expenses incidental to the prosecution of the sale. The remainder, if any, shall be applied to the discharge of the amount for which the distress was made. The surplus, if any, shall be delivered to the person whose property has been sold and he shall receive from the sale officer a receipt for the amount discharged from the proceeds of the sale.

11. Subject to the control of the Local Government, the Registrar may appoint sale officers and may make rules not inconsistent with this Chapter—

- (i) for the manner of effecting distress;
- (ii) for the custody, preservation and sale of the distressed property;
- (iii) for the investigation of claims by persons other than the defaulter to any right or interest in the distressed property;
- (iv) for the immediate sale of perishable articles; and
- (v) generally for the purpose of carrying out the provisions of this Chapter.

CHAPTER IV.

Power of sale.

12. Notwithstanding anything contained in the Transfer of Property Act, 1882, and whether a power of sale without the intervention of the court is expressly conferred on the mortgagee bank by the mortgage deed or not, the governing body of such bank or any person authorized by such body in this behalf shall have power, in default of payment of the mortgage money, to bring the mortgaged property or any part thereof, to sale without the intervention of the court. No such power shall be exercised unless and until—

- (a) notice in writing requiring payment of the mortgage money has been served upon the mortgagor or mortgagors, and default has been made in payment thereof for three months after such service; and

(b) the Board has authorized the exercise of the power conferred by this section.

Application for the sale of the mortgaged property.

13. In exercise of the power of sale conferred by section 12 the governing body of a mortgage bank or any person duly authorized by such body may apply to the sale officer to sell the mortgaged property or any part thereof and each officer shall sell such property in the manner prescribed. The sale shall be by public auction and shall be held in the village where the mortgaged property is situated or at the nearest place of public resort if the sale officer is of opinion that the property is likely to sell to better advantage there.

Application to set aside the sale in default.

14. (1) When a mortgaged property has been sold under the Act, the mortgagor or any person having a right or interest therein affected by the sale, may, at any time within thirty days from the date of sale, apply to the Board to have the sale set aside on his deposing at the office of the Central Mortgage Bank—

(a) for payment to the mortgage bank, the amount of the mortgage money together with subsequent interest and the costs, if any, incurred by the bank in bringing the property to sale; and

(b) for payment to the purchaser, a sum equal to five per cent of the purchase money.

(2) If such deposit is made, the Board shall make an order setting aside the sale.

(3) Where no application is made under sub section (1), the Board shall make an order confirming the sale, and thereupon the sale shall become absolute.

Distribution of sale proceeds.

15. The proceeds of every sale under section 13 shall be applied by the sale officer first in payment of all costs, charges and expenses properly incurred by him in connection with the sale or any attempted sale; and secondly, in discharge of the mortgage money and costs and other money, if any, due under the mortgage; and the residue of the money so received shall be paid to the person entitled to the mortgaged property or authorized to give receipts for the proceeds of the sale thereof.

Certificate to purchaser.

16. Where a sale of mortgaged property has become absolute, the sale officer shall grant a certificate specifying the property sold and the name of the person who at the time of the sale is declared to be the purchaser. Such certificate shall bear date, the day on which the sale became absolute.

17. (1) Where the mortgaged property sold is in the occupancy of the mortgagor or of some person on his behalf or of some person claiming under a title created by the mortgagor subsequent to the mortgage in favour of the mortgage bank and a certificate in respect thereof has been granted under section 16, the Court shall, on the application of the purchaser, order delivery to be made by putting such purchaser or any person whom he may appoint to receive delivery on his behalf in possession of the property.

(2) Where the property sold is in the occupancy of the tenant or other person entitled to occupy the same and a certificate in respect thereof has been granted under section 14, the Court shall, on the application of the purchaser, order delivery to be made by affixing a copy of the certificate of sale in some conspicuous place on the property and proclaiming to the occupant by beat of drum or other customary mode, at some convenient place that the interest of the mortgagor has been transferred to the purchaser.

18. It shall be competent to a mortgage bank to purchase the mortgaged property sold under section 13, but the property so purchased shall be disposed of by such bank by sale within such period as may be fixed by the trustee.

19. The Board may, on the application of a mortgage bank and under circumstances in which the power of sale conferred by section 12 may be exercised, appoint in writing a receiver of the produce and income of the mortgaged property or any part thereof and such receiver shall be entitled either to take possession of the property or collect its produce and income, as the case may be, to retain out of any money realized by him, his expenses of management and so apply the balance in accordance with the provisions of sub-section (5) of section 60-A of the Transfer of Property Act, 1882.

17 of 1922.

20. When a sale has been made in professed exercise of a power of sale under section 12 and conferred by the Board, the title of the purchaser shall not be impeachable on the ground that no case had arisen to authorize the sale or that due notice was not given or that the power was otherwise improperly or irregularly exercised, but any person damaged by an unauthorized or improper or irregular exercise of the power shall have his remedy in damages against the mortgage bank.

- Power of
(over)
Government
to make rules.
21. Subject to the control of the Local Government, the Registrar may appoint sale officers and may make rules not inconsistent with this Chapter—
- (i) for the due proclamation and conduct of the sale;
 - (ii) for the recovery of the expenses of proclamation and sale;
 - (iii) for the deposit of the purchase money;
 - (iv) for the resale of the property, if the purchase money is not deposited, and
 - (v) generally for the carrying out of the provisions of this Chapter.

CHAPTER V

Mortgages.

- Power of
Board and
trustee to
direct
distress and
sale of
movable
property and
the sale of
mortgaged
property, etc.
22. The Board or the trustee may direct the governing body of a mortgage bank to take action against a defaulter under section 5 or section 12 and on its neglect or failure to take such action, the Board or the trustee may exercise all or any of the powers conferred on the governing body of a mortgage bank under this Act for the distress and sale of the movable property or for the sale of the mortgaged property, as the case may be.
- Mortgagor's
power to

24. Notwithstanding anything contained in the Presidency Towns Insolvency Act, 1900, or the Provincial Insolvency Act, 1920, a mortgage executed in favour of a mortgage bank shall not be called in question on the ground that it was not executed in good faith for valuable consideration or on the ground that it was executed with a view of giving the mortgage bank a preference over the other creditors of the mortgagor.
- Priority.
25. A mortgage executed in favour of a mortgage bank after the commencement of this Act shall have priority over any claim of the Government arising from a loan under the Land Improvement Loans Act, 1883, granted after the execution of the mortgage.
- Right of
Mortgage
bank to pay
prior debts.
26. Where a mortgage is executed in favour of a mortgage bank for payment of prior debts of the mortgagor, the bank may, notwithstanding the provisions of sections 83 and 84 of the Transfer of Property Act (IV of 1882) by notice in writing, require any person to whom any such debt is due to receive payment of such debt or part

direct from the bank within such period as may be specified in the notice. If any such person fails to receive such payment, such debt or part thereof, as the case may be, shall cease to carry interest from the expiration of the period specified in the notice.

27. (1) Notwithstanding anything contained in the Indian Registration Act, 1908, it shall not be necessary for the Director or Secretary of the Central Mortgage Bank to appear in person or by agent at any registration office in any proceeding connected with the registration of any instrument executed by him in his official capacity or to sign as provided in section 53 of that Act.

(2) Where any instrument is so executed, the registering officer in whom such instrument is presented for registration may, if he thinks fit, refer to such Director or Secretary for information respecting the same, and, on being satisfied of the execution thereof, shall register the instrument.

28. Notwithstanding the transfer of a mortgage by a mortgage bank to the Central Mortgage Bank—

Mortgage
Bank.

(a) all moneys due under the mortgage shall, in the absence of any specific direction to the contrary issued by the Board or trustee and communicated to the mortgagee, be payable to the mortgage bank and such payment shall be as valid as if the mortgage had not been so transferred; and

(b) the mortgage bank shall, in the absence of any specific direction to the contrary issued by the Board or trustee and communicated to the mortgage bank, be entitled to sue on the mortgage or take any other proceeding for the recovery of the moneys due under the mortgage.

29. Notwithstanding any law to the contrary, a mortgage executed in favour of a mortgage bank shall not be called in question on the ground that the debt was incurred in whole or in part—

(a) on behalf of a minor for a purpose not binding on him, or

(b) by the holder of a life estate for a purpose not binding on the reversion.

30. Notwithstanding anything contained in the Madras Co-operative Societies Act, 1932, or the rules made thereunder, the Board shall have a general power of

Power

supervision over the mortgage banks and may make regulations not inconsistent with this Act or the rules made thereunder—

(e) for the inspection of the account books and proceedings of mortgage banks;

(f) for the submission of returns and reports by mortgage banks in respect of their transactions;

(g) for the periodical settlement of accounts between mortgage banks and the Central Mortgage Bank and for the payment of the amounts recovered by mortgage banks on mortgages transferred to the Central Mortgage Bank;

(h) prescribing the form in which applications to mortgage banks for loans should be made and for the valuation of the properties offered as security for such loans;

(i) for the investment of moneys realized from the mortgages; and

(j) generally for the purpose of safeguarding the interests of the parties concerned and for carrying out the purposes of this Act.

STATEMENT OF OBJECTS AND REASONS.

The Committee on Co-operation appointed by the Government of Madras in September 1925, examined the progress made in the co-operative movement in the Presidency and recommended that various defects in the Co-operative Societies Act, 1912, may be rectified by suitable legislation. A Bill giving effect to the suggestions of the Committee was passed by the Legislative Council in 1923. The Committee also made several recommendations in regard to the working of land mortgage banks and the establishment of a central organization for financing them. A central land mortgage bank has been established. The Committee suggested, among other matters, the amendment of the provisions of the Transfer of Property Act, 1882, for transferring on the mortgage banks the power of sale of the mortgaged property without resort to courts. They also recommended that the debentures of the central bank should be made trustee investments and that the Government should guarantee the interest on debentures for a specified period. They drew attention to the several existing enactments which may require modification, and they concluded by stating that it is desirable that a separate legal enactment dealing with land mortgage banks should be passed as they differ materially from co-operative credit organizations. The Madras Co-operative Societies Act does not deal with the recommendations of the Committee on

Co-operation regarding land mortgage banks, and the present Bill is intended to give effect to those recommendations.

2. The whole scheme for financing the central bank depends on the acceptance of its debentures by the general public and their stability and popularity in the share market. For this purpose it is considered essential that the main features of the scheme for the issue of debentures now incorporated in the by-laws of the central land mortgage bank should be embodied in the Bill, and that minor provisions relating to them should continue to be dealt with in the by-laws. The necessary provisions are therefore embodied in Chapter 2 of the Bill. The Government have guaranteed the payment of interest on the debentures issued by the bank for the first five years up to 50 lakhs of rupees. Provision has been made in the Bill for Government to guarantee interest on debentures issued by the central bank.

3. The question of adequate powers for the speedy recovery of arrears from defaulters is of fundamental importance. In Europe and America land mortgage banks possess considerable powers of arrest and compulsory administration and sale. Chapter 3 empowers land mortgage banks to detain the movable property of a debtor and growing crops under appropriate safeguards and to bring them to sale.

4. Chapter 4 gives effect to the recommendations of the Townsend Committee in regard to the power of sale of the hypothec by the mortgage banks. A proposal has been made to the Government of India for the amendment of the section 19 of the Transfer of Property Act, but they have taken the view that the Transfer of Property Act is an all-India Code of general application, and the introduction of amendments into it variable to the working of land mortgage banks, is inappropriate. They stated, however, that they have no objection to a self-contained provision enacting the provisions for the working of land mortgage banks. The provisions of this chapter are intended to give effect to this suggestion.

5. Chapter 5 contains various miscellaneous provisions which are necessary for the successful working of the mortgage banks. The Townsend Committee pointed out certain possible difficulties in the working of land mortgage banks arising from the provisions of the Encumberment Act and the Land Improvement Loans Act. Provisions have been made in the Bill for safeguarding the interests of the land mortgage banks in these respects. It is also considered desirable that the properties mortgaged should be leased by the mortgagees for long periods to the detriment of mortgage banks. The Bill seeks to limit the power of mortgagees to lease the mortgaged properties to three years at a time. Under the scheme

for the working of land mortgage banks, all mortgage deeds executed in their favour have to be assigned to the central mortgage bank and assigned by the latter to the trustee. Doubts have been expressed as to whether the mortgage banks have any power to collect the moneys due on the mortgages after the assignment of the mortgage deeds to the central bank. The Bill makes provision for enabling the mortgage banks to collect moneys due on mortgage bonds notwithstanding their transfer to the central bank. It is also desirable to confer on the central mortgage bank a general power of supervision over the mortgage banks and for this purpose power has been given to the Board of Directors to make regulations as to a variety of matters relating to their administration. The Bill is supplementary to the Madras Co-operative Societies Act, 1932, and land mortgage banks will, therefore, continue to be governed by the provisions of that Act except to the extent to which they are modified by the present Bill.

NOTES ON CLAUSES.

Clause 3.—The definitions contained herein do not require any explanation. The "Sale officer" includes an officer appointed by the Government for conducting sales such as an officer under Madras Act VII of 1919 as well as an officer of the Co-operative department authorized by the Registrar to conduct sales.

Clauses 4 to 7.—These clauses embody the essential features of the scheme for the issue of debentures now dealt with in the by-laws of the central mortgage bank and do not need any explanation. Provision has also been made for enabling in the trustee without any formal deed of assignment the rights of the central mortgage bank in the mortgages or other assets transferred to it.

Clauses 8 to 11.—Provision is made in these clauses for the distraint and sale of movable property in cases where a defaulting mortgagor fails to pay his annual instalment. These provisions are to be supplemented by rules to be framed under section 11 by the Registrar in regard to various details regarding the sale of movable property.

Clauses 12 and 13.—These clauses empower a mortgage bank to apply to a sale officer for the sale of the mortgaged property without the intervention of the court

and are analogous to the provisions contained in section 63 of the Transfer of Property Act, 1882. It is, however, considered desirable, that the sale should be conducted by an independent officer on application to him by the mortgage bank.

Clause 14.—Under this clause a mortgagee can have the sale set aside on certain conditions mentioned herein.

Clauses 15 and 16.—These clauses deal with the application of the sale proceeds and the issue of a sale certificate and do not require any explanation.

Clause 17.—A purchaser is enabled under this clause to obtain possession of the property sold by an application to the civil court. The sale officer's duty ends with the grant of a certificate.

Clause 18.—In certain circumstances and in order to prevent a combination among bidders it may be necessary for a mortgage bank to purchase a mortgaged property in liquidation of the mortgage debt. This section enables the mortgage bank to do so, but following the practice of mortgage banks elsewhere provision has been made for a compulsory resale of the property as soon as possible. This provision is intended to prevent mortgage banks from owning landed property permanently.

Clause 19.—This clause enables a mortgage bank to have a receiver of the mortgaged property appointed pending the sale of the hypothec. Section 69-A of the Transfer of Property Act confers this power on the mortgagee.

Clause 20.—This clause is similar to section 69 (3) of the Transfer of Property Act, 1882, and is intended to protect the title of the purchaser from being called into question in a suit in the civil courts.

Clause 21.—This clause provides for the central land mortgage bank or the trustee for taking action where the governing body of a mortgage bank fail to take action against a defaulter. This power is very necessary for the satisfactory working of the scheme.

Clause 22.—It is considered desirable to prevent the mortgagee from granting long leases of the mortgaged property.

Clauses 23 and 24.—These clauses are intended to give effect to the recommendations of the Townsard Committee. Clause 24 is intended to prevent a mortgage

executed in favour of the bank from being called into question in insolvency proceedings. Clause 25 is intended to secure priority to a mortgage debt in preference to a debt due to the Government under the Land Improvement Loans Act.

Clause 26.—This clause is intended to facilitate the prompt payment by the mortgage bank of prior debts of the mortgagor.

Clause 27.—This provision is analogous to section 80 of the Registration Act, 1903, and would enable the directors of central bank to execute documents without attendance at the Registrar's office.

Clause 28.—This clause is intended to enable the mortgage banks to collect moneys and give valid discharges notwithstanding the transfer of the mortgage deed to the central mortgage bank.

Clause 29.—The investigation by the directors of the bank and also by the sub-deputy registrars or any other authorised officer of a mortgage bank is intended to exclude cases where the mortgage debt is not incurred for purposes binding on the minor or revenueowner. In cases where the facts disclose no legal necessity for the loan, it is not intended that a mortgage bank should lend money to a borrower. When these precautions are taken, the banks should not be allowed to be exposed to litigation in the civil courts. This clause is intended to protect the banks against such litigation.

Clause 30.—It is desirable that a general power of supervision should be secured to the central mortgage bank over the local mortgage banks. This clause is intended to confer this power.

V. N. VIEWANATHA RAO,
Secretary to Govt., Law (Legislative) Dept.

Bill introduced in the Council of the Governor of Port St. George assembled for the purpose of making Laws and Regulations.

The following Bill which has been introduced in the Madras Legislative Council together with the Statement of Objects and Reasons is published under Rule 29 of the Madras Legislative Council Rules:—

BILL No. 6 OF 1933.

A Bill to amend the Madras City Municipal Act, 1919.

WHEREAS it is expedient to amend the Madras City Municipal Act, 1919, for the purpose hereinafter mentioned;

It is hereby enacted as follows:—

1. This Act shall be called the Madras City Municipal Act Amending Act, 1932.

2. In the Madras City Municipal Act, 1919—

(a) For clause (c) of sub-section (3) of section 62, the following shall be substituted, viz:—

"(c) has been at any time sentenced by a criminal court to transportation, imprisonment or whipping for any offence other than an offence of a political character or an offence not involving moral delinquency, such sentence not having been reversed or quashed or the offence pardoned."

(b) For clause (a) of sub-section (1) of section 63, the following shall be substituted, viz:—

"(a) is sentenced by a criminal court to such punishment and for such offence as is described in clause (a) of sub-section (1) of section 62."

(c) After sub-section (3) of section 63, the following shall be added:—

"Explanation.—Imprisonment in any jail for any offence exempted from the operation of clause (a) of sub-section (1) of section 62 or detention in any locality under restrictions imposed by the Government under any law for the time being in force shall for the purposes of this section be deemed to be 'residence in the City'."

STATEMENT OF OBJECTS AND REASONS.

Under section 62 (3) (c) of the Madras City Municipal Act IV of 1919 a person shall be disqualified for election or appointment as a councillor if such person has been at any time sentenced by any court to transportation, imprisonment

or whipping for any non-bailable offence, such sentence not having been subsequently reserved or quashed. But this disqualification is effective if according to sub-section (2), the Governor in Council directs that such sentence shall not operate as a disqualification. Further under section 53 (1) (c) a councillor shall cease to be a councillor if he is sentenced by a court as described in section 53, sub-section (1), clause (c). Even in this case the Governor in Council may direct that this disqualification shall not operate as a disqualification. It will be thus observed that a sentence of imprisonment for a non-bailable offence at the time of nomination for election of councillors and during the term of a councillor forbids the person concerned from holding the office of a councillor. Similar provisions existed in the District Municipalities and Local Boards Act, 1920, until recently.

Since 1920 owing to extensive and intensive use of direct action in furtherance of political progress, many persons of unclouded character, culture and position and leaders of public opinion and political parties found themselves entangled in jails having been sentenced to various terms of imprisonment for 'non-bailable offences.' The Government have from time to time liberated such persons once the necessity to keep them in jail disappeared according to cases. Some of them have even become their breared councillors. The stigma that is generally associated with imprisonment for criminal offences no longer attaches to convictions for political offences. In fact a sentence of imprisonment was a sort of crowning glory to one's spirit of self-sacrifice. Being alive to this change in the public opinion the conviction for a political offence was by the amending Act of 1930 removed from the list of disqualifications for a candidate for membership of local bodies in the Madras Act. Since an amendment of not a thorough revision of the Madras City Municipal Act, 1910, has been long pending, it was hoped that the Government would suggest modifications in this particular along with others. The amending Bill of Government is still being delayed and in the meantime amendments have arisen making this modification very urgent. Hence I venture to move this amending Bill in order that the provisions of the Madras City Municipal Act might be brought in a line with the Madras District Municipalities and Madras Local Boards Acts as amended in 1930.

SAMI VENKATACHALAM CHETTI.

R. V. KRISHNA AYYAR,
Secretary to the Legislative Council.
